With innovation at its core, the company is committed to excellence in enterprise consulting, emerging technologies, and software delivery.

📍 Work Locations:

Bangalore / Pune / Noida / Gurugram
(Work from Office – as per project allocation)

🎓 Experience Required:

Minimum **3+ Years** of relevant hands-on experience in **SAP modules – MM, SD, ABAP, FICO**

💰 Compensation:

₹ **8.00 – 9.00 LPA** (Based on experience and technical evaluation)

✂ Open Positions & Key Responsibilities:

✓ SAP MM (Materials Management):

- Configuration and support of SAP MM module
- Knowledge of procurement, inventory management, pricing procedures, and invoice verification
- Integration with FI and SD modules
- Experience with Master Data and Custom Reports

✓ SAP SD (Sales and Distribution):

- Hands-on experience in order-to-cash cycle, pricing, billing, and shipping
- Knowledge of SD-FI and SD-MM integrations
- Customization and configuration of SD processes
- Experience in resolving production support issues and enhancements

✓ SAP ABAP (Advanced Business Application Programming):

- Strong experience in Reports, Smart Forms, BAPIs, BADIs, User Exits, Enhancements
- Experience with Object-Oriented ABAP and debugging skills
- Integration with SAP Fiori/UI5 or CDS Views is a plus
- Experience in data migration tools like BDC, LSMW

✓ SAP FICO (Finance & Controlling):

- Configuration and support for General Ledger, Accounts Payable/Receivable, Asset Accounting, and Cost Center Accounting
- Hands-on experience in integrations with MM and SD modules
- Month-end closing, financial reporting, and reconciliation experience
- Exposure to taxation (GST, TDS) and financial planning is preferred

📁 Interview Process:

1. **Technical Discussion** (Module-wise / Scenario-based)
2. **HR Discussion**
3. **Documentation Submission**
4. **Offer Letter Issued via Official Portal**
